

# Applications for Spring Cohort Now Open!

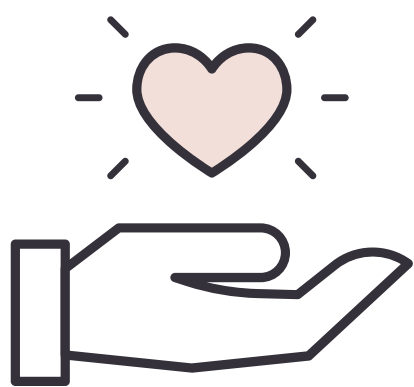

Sign up as an advisor by **March 20th!**

## ACTION POTENTIAL ADVISING PROGRAM

Free and accessible neuroscience mentorship

Learn more and apply today at

[simplyneuroscience.org/advising-program](https://simplyneuroscience.org/advising-program)

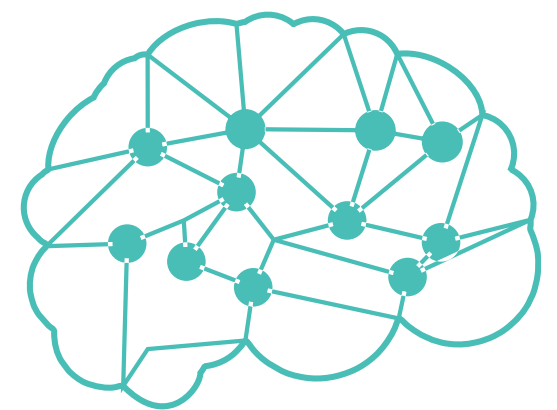

### Give back to the next generation

- Give back to the next generation of neuroscience and psychology professionals by sharing your expertise
- Help youth develop an interdisciplinary approach to their innovative work

### Strengthen your network and skill

- Network with 1,000+ other individuals in neuroscience and psychology through meet-and-greet events
- Further develop your advising/mentorship skills

### Share your knowledge and support students

- Have access to the opportunity to share your expertise, knowledge, research etc. through workshops
- Support a student-led initiative working to make neuroscience and psychology accessible to young students

## Advisor Testimonials

“I've really enjoyed getting to know scientists around the world through this program. I've also enjoyed helping advisees with college/grad school applications and exposing them to the hidden curriculum in academia that they wouldn't have otherwise been exposed to.”

- Gates P.

The most rewarding part of APAP is...

“Feeling like I'm helping someone avoid some of the mistakes that I made, and providing the guidance that I wish I had had when I was at that career stage.”

- Dr. Dana Boebinger

“I feel great knowing that I'm helping and guiding them. By just making a change in their life it makes me happy.”

- Ms. Caroline Perocier Vargas
